About Me

UI/UX Designer with hands-on experience designing web and mobile products from research and wireframes to high-fidelity UI and developer handoff. Skilled in Figma, design systems, component libraries, prototyping, and AI-assisted design workflows to speed up execution without compromising quality. Experienced in visual and graphic design, including branding, modern UI styles, social media creatives, landing pages, banners, and presentation design. Strong foundation in typography, colour theory, layout, and visual consistency, with a focus on building clean, intuitive, and user-first digital experiences.

Work Experience

Purple Merit

UI/UX Designer (Intern → Full-time)

May 2025 – April 2026

- Owned end-to-end design for mobile apps, websites, and landing pages from requirement gathering and user flows to high-fidelity UI across an 8-month internship that converted into a full-time role
- Built and maintained structured design systems, reducing design-to-dev handoff friction and improving cross-team consistency
- Partnered directly with product managers and engineers to validate feasibility pre-build, reducing rework during implementation
- Ran iterative design cycles based on user and stakeholder feedback in an agile, fast-paced environment
- Integrated AI-assisted tools into the design workflow to accelerate production without sacrificing quality

Excrin Digital Lab Pvt. Ltd

Junior Designer

AUG 2024 - NOV 2024

- Designed and built responsive website interfaces for client projects, from layout structure to final UI polish
- Created social media posters and creative assets for brand campaigns, balancing visual impact with brand consistency
- Collaborated cross-functionally to improve the company's overall digital presence across web and social channels

Skills

- User Interface Design (UI Design) • User Experience (UX) • Wireframing • Prototyping
- Usability Testing • User-Centered Design • Style Guides • Design System • Design Thinking
- Visual Design • Design Ideation • Creative Problem Solving • Design Specifications • Graphic Design

Projects
